“To Monica Rodríguez ; our Mission Hills neighborhood- located on Orion Ave between San Fernando Mission and Sepulveda has been inundated with homeless RVs that have created trash, human waste and unsafe environment for the kids going to school and seniors walking their dogs . It has been difficult to get them towed or removed because the police say it is a “green zone”. Who decided that our little neighborhood should be a “green zone” and bear the burden of this unsightly mess? Let them park in city parking areas where normal taxpayers don’t live. We want a safe clean neighborhood .. it takes hard work to maintain that ambiance - the homeless RV people have destroyed us.”
